

The intelligent phone system.™

How TeleVantage Will Improve Your Bottom Line.

TeleVantage Will Increase Your Chances Of Closing Deals.

How many more deals would be closed per month if...

- ...every client call was answered live?
- ...every missed phone call was returned, even if they didn't leave voicemail?
- ...office phones were staffed 24 hours a day without paying staff to stay late?
- ...you could identify client calls before you even answered the phone?

TeleVantage Will Get You New Business.

How many new deals could you get if...

- ...you had a property hotline with a detailed description of every listing?
- ...every prospect who called the number on a For Sale sign always got a live person?
- ...you could target your money on the marketing that really got results?
- ...agents could receive calls and access voicemails anywhere in the world?

TeleVantage Will Turn Your Data Into Dollars.

How valuable would it be if you could...

- ...collect and retain client information from your agents?
- ...prevent clients or prospects from falling through the cracks by tracking call history?
- ...analyze call volumes to ensure adequate staffing at peak times?
- ...increase listings by using call data to show the volume and quality of your prospects?

TeleVantage Will Make Your Clients Happier Doing Business With You.

How much more repeat business would you get if...

- ...clients always reached the person they called, even if they call the wrong office?
- ...client calls were always answered by name, even in voicemail?
- ...everyone who talked with a client knew all about their needs, even four years later?
- ...sellers who list with you are treated as VIPs, even by the phone system?
